

## FFLAG - Families and Friends of Lesbians and Gays

Families and Friends of Lesbians and Gays (FFLAG) offer telephone and email support lines throughout the country - run by parents who have sons and daughters who are gay, lesbian or bisexual.

Information booklets 'How Do I Tell My Parents' and 'A Guide for Parents' are free on application.

FFLAG Cornwall offers understanding and respect to all those needing support with issues around their own sexuality or that of a family member.
